

Dear E-NOVATE Delegates,

We are pleased to invite you to participate in **E-NOVATE 2021**, the world's first **INTERNATIONAL INNOVATION FAIR**, connecting global innovators on traditional booths and a single virtual platform at the same time.

The E-NOVATE 2021 edition will be held in two parts:

-  **online on 22nd -24th June 2021 at the e-nnovate.eu platform,**
-  **traditionally on 8th – 9th of September 2021 in Bydgoszcz City, Poland.**

Participants can join virtual event only or both traditional and virtual parts.

The online edition (22nd-24th June) is dedicated to inventions evaluation by the international jury, online training, and panel discussions.

The Bydgoszcz City On-site edition (6th-7th of September) will be dedicated to inventions live presentations that were registered for the online edition, conferences, meetings, Grand Prix, and special awards ceremony. It is the part of the event where Polish and international participants can make up-and-coming relations, meet business or scientific partners, and participate in exciting conferences and panels.

This year, we invite you to present innovations at both traditional and virtual stands. It is the most effective form of presentation, allowing you to promote your solutions physically and virtually for the whole year.

E-NOVATE is the world's first-ever INTERNATIONAL INNOVATION FAIR That brought together the world's innovators on a unified virtual platform. E-NOVATE allows all the inventors to present their innovations in our traditional and virtual booths and make the world recognize you. Considering the possible travel restrictions in the pandemic scenario, this will help the innovators participate in E-NOVATE with ease! E-NOVATE 2021 is organized by IBS GLOBAL and supported by the prestigious UTP University of Science and Technology and Indian Innovators Association.

E-NOVATE is the first event in the world dedicated to inventions and innovations that took place in real-time. On July 6-8 of 2020, exhibitors from 16 countries worldwide gathered on a shared internet platform to present their creativity and inventions. In total, 95 inventions were presented during the event.

However, E-NOVATE is not just an innovation & science fair. All participants could take part in a series of training and seminars. Topics covered the promotion of inventions and innovative companies based on Social Media Marketing, demand policy to promote innovation, Design Thinking for innovation, and possible business scenarios in the post-coronavirus era.

All the jury panels witnessed the great interest demonstrated by the participants. During the three days, 4000 online users visited E-NOVATE.EU portal and the official site recorded almost 19,000 page views.

Considering the uncertain pandemic COVID-19 situation and the possible difficulties related to long journeys for foreign exhibitors, we provide two options for participation in the E-NNOVATE fair: traditional and virtual, allowing you to present your invention and participate in online events.

EVENT SCHEDULE for online show*			
E-NNOVATE 2021	DAY 1 – 22 th June	Day 2 – 23 th June	Day 3 - 24 th June
09:00 – 11:30 CET	Jury Presentation	Jury Presentation	Participants Choice (Panel Discussion)

NOTE: Traditional E-NNOVATE schedule will be announced by the end of July

E-NNOVATE is not just a platform. It is an ecosystem of like-minded people willing to impact the innovation space with synergy significantly. Being a digital platform E-NNOVATE has tremendous reach, which will propel innovative ideas to the world's farthest corners.

E-NNOVATE is designed for innovators, inventors, scientists, large and small companies, universities, and scientific institutes alike. With E-NNOVATE, the traditional expo booth experience is brought to life with our INNOVATIVE PLATFORM. It is a fantastic global one-stop destination for innovators, technology buyers, and enthusiasts alike. E-NNOVATE gives the innovators an opportunity to virtually present and discuss with reputed jury members across the globe.

BOOTH DESCRIPTION

E-NNOVATE Virtual booth has a sleek and striking design. It allows the innovator to demonstrate two posters, one for the innovation, one for the company/ organization/ institution, and one video presentation! It enables the innovator to present inventions with maximum impact. Every single innovation will get its virtual booth, and the public can rate the innovations they like. For the first time in virtual event history, we are making the public part of the innovation grading process.

E-NOVATE AWARDS

- ✓ Platinum, Gold, Silver, and Bronze medals in all categories
- ✓ Digitally verifiable certificates to each innovation
